□ Complete Assistance

If there is one thing that we are proud of, it is hospitality. We provide complete assistance during your entire stay with us.

□ Visa Travel Assistance

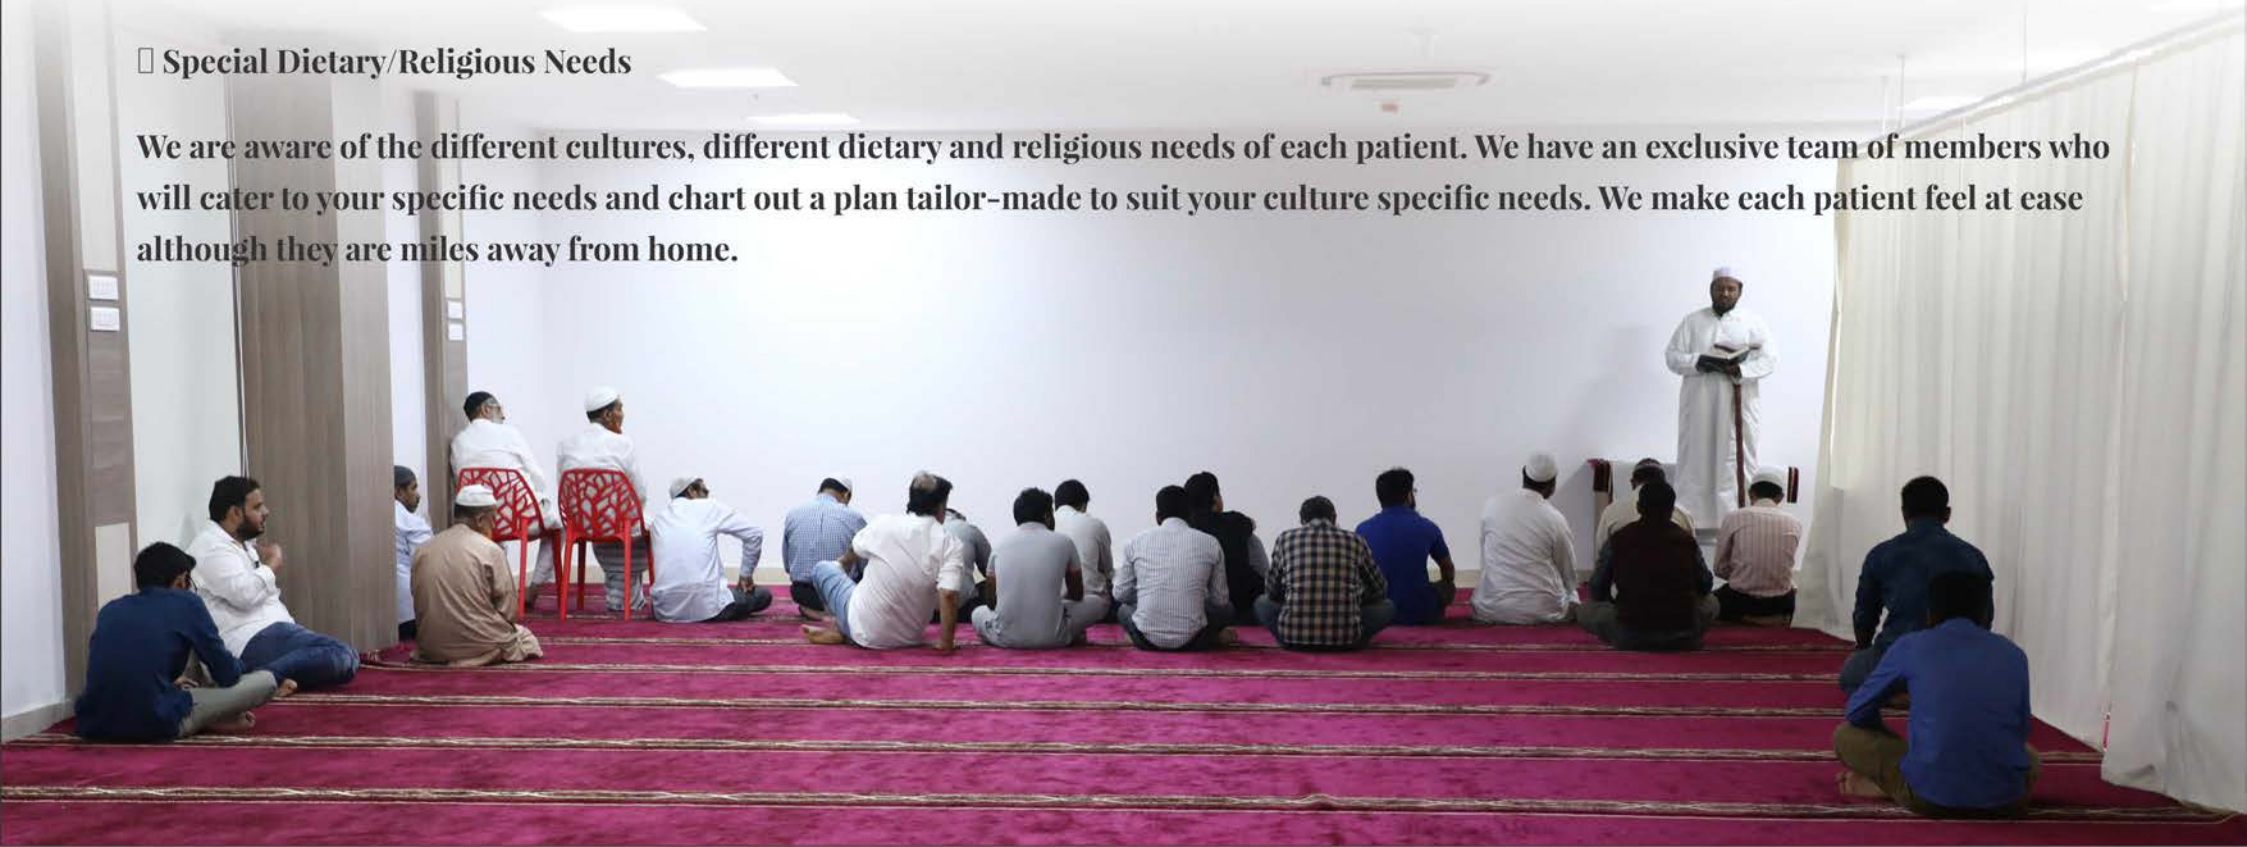

Contact our International Patients desk, so that we may assist you with your Visa needs. We will deal with all the necessary paperwork so that you may get started on your healing process.

□ Assistance with Hotel Bookings

While you stay with RIMC, we make sure that your near and dear ones who have come to help you during your trying times have necessary accommodation suitable to your budget. We take care of all the hotel bookings that your family may require.

□ Special Dietary/Religious Needs

We are aware of the different cultures, different dietary and religious needs of each patient. We have an exclusive team of members who will cater to your specific needs and chart out a plan tailor-made to suit your culture specific needs. We make each patient feel at ease although they are miles away from home.

☐ Interpreter Service

At RIMC, we provide all our International Patients with Interpreter Services so that they can communicate their issues and concerns in a familiar tongue and there is no scope of erroneous communication.

☐ Local Sightseeing

It is not all about getting treatment. When patients are in a new country, they like to explore the land. We, at RIMC, ensure that their stay is not all about being confined to hospital rooms and ensure that they get to see the diversity and beauty of Chennai. We provide local sightseeing services convenient to the patient and their family.

☐ Airport Transfers

We provide transfers from the Airport for patients who need transportation.

☐ Updating Families back Home

We update the family regarding the patient's treatment plan and progress and address any concerns they may have.
